EARN EXECUTIVE

Proposal for rationalising lists
Approved by the EARN Executive February 23, 1989

                                        issued by
                                        A Auroux
                                        March 17, 1989

----

1 Existing lists

There are 4 types of lists :

1.1 EARN General Management

    EARN-BOD : EARN Board of Directors
    EARNEXEC : EARN Executive
    DEAR-BOD : EARN Directors - open submission
    EARN-OPG : EARN BOD Operating Procedures Group
    EARN-MC : EARN Membership Committee

The owners of these lists are either the EARN President (EARN-BOD,
EARNEXEC and DEAR-BOD) or the EXEC member responsible for EARN policy
(EARN-OPG and EARN-MC), and the EARN Manager. In addition, they both
have the right to add a secretary as co-owner.

Lists parameters

_____

| Lname(location) | EARN-BOD | EARNEXEC | DEAR-BOD | EARN-OPG | EARN-MC |
/Parameters	IRLEARN	IRLEARN	IRLEARN	IRLEARN	IRLEARN
1.REVIEW	Public	Public	Public	Public	Public
2.SUBSCRIPTION	Closed	Closed	Closed	Closed	Closed
3.SEND	Private	Private	Public	Private	Private
4.FILES	Yes	Yes	Yes	Yes	Yes
5.REPLY-TO	List	List	Both	List	List
6.NOTEBOOK	Yes,Priv.	Yes,Priv.	Yes,Pub.	Yes,Priv.	Yes,Priv.
7.CONFIDENTIAL	No	No	No	No	No

Comments:

All lists are non confidential (this means that their names appear in
the list of lists), public for review (this means that any network

user can see who is on the list), have a notebook, accept files and
are closed for subscription (this means that owners are not notified
when somebody tries to join the list).

EARN-BOD, EARNEXEC and EARN-OPG are private for sending, with a
private notebook (this means that only members of the list can send
mail or files to the list and review the associated notebook).

The reply parameter of DEAR-BOD is set to "Both" (this means that the
reply will automatically be forwarded to the list and the person who
sent the original mail.

Any change (addition, deletion, change of parameters) in EARN general
management lists shall be approved by the EARN Executive Committee.

1.2 EARN Executive areas

    EARN-NOG : EARN Network Operations Group (Operations area)
    EARN-SNA : EARN-SNA Coordination (Operations area)
    EARN-X25 : EARN-X25 Project Coordination and Technical Discussions
               (Development area)
    EARN-UG : EARN Users Group Discussion List (Users area)

The owners of these lists are the EXEC member responsible for this
area and the EARN manager.

Lname(location)/Parameters	EARN-NOG FRMOP11	EARN-SNA FRMOP11	EARN-X25 IRLEARN	EARN-UG IRLEARN
1.REVIEW	Public	Public	Public	Public
2.SUBSCRIPTION	By-owner	By-owner	By-owner	Open
3.SEND	Public	Public	Public	Public
4.FILES	Yes	Yes	Yes	Yes
5.REPLY-TO	Both	Both	Both	List
6.NOTEBOBOK	Yes, Private	Yes, Private	Yes, Private	Yes, Public
7.CONFIDENTIAL	No	No	No	No

Comments:

All lists are public for review, non confidential and have a notebook
(public for EARN-NOG and private for all others).

Any change (addition, deletion, change of parameters) in EARN

Executive areas lists shall be approved by the EARN Executive
Committee.

1.3 Technical lists

There exists many technical lists. The most important are the
following:

```
EARN-TECH : EARN Technical Group
OSI-TEAM  : EARN-OSI Transition Program
NETSRV-L  : NETSERV List
LSTSRV-L  : Revised LISTSERV Forum
X-400     : X400 List
EARNSTAT  : EARN Statistics Group
```

Lname(location) /Parameters	EARNTECH Peered(7)	OSI-TEAM IRLEARN	NETSRV-L CEARN	LSTSRV-L Peered(8)	X400 Peered(2)	EARNSTAT DEARN
1.REVIEW	Public	Public	Public	Public	Public	Public
2.SUBSCRIPTION	By-owner	Open	By-owner	Open	Open	By-owner
3.SEND	Public	Public	Private	Public	Public	Public
4.FILES	Yes	No	Yes	Yes	Yes	Yes
5.REPLY-TO	List	List	List	List	List	List
6.NOTEBOOK	Yes	Yes	Yes	Yes	Yes	Yes
7.CONFIDENTIAL	No	No	No	No	No	No

When a list is peered, the number in brackets indicates the number of peers, on March 7, 1989.

The technical lists are generally owned by technical people. No changes are recommended as all of them are needed. It is recommended that the EARN manager be a member of these lists, as well as the EXEC members responsible for the area (EARNTECH : ST/MH/DJ ; OSI-TEAM : DJ; NETSRV-L : MH ; LSTSRV-L : MH ; X.400 : DJ ; EARNSTAT : MH)

1.4 Temporary lists

    EARN89PC
    EARN89OC
    EARN89RC

No changes are needed.

2 Need for additional lists

Two lists will be created :

EARNEWS   : for quick dissemination of BoD and EXEC decisions (this
was   requested during last NOG meeting)

PRINCIPL : This list is to be used for non technical discussions, and
for policy and basic EARN matters. The idea is to avoid
'political' discussions on technical lists.

Both lists will be owned by the EARN Secretary and the EARN Manager,
with the following parameters :

Lname(location) /Parameters	EARNEWS FRMOP11	PRINCIPL FRMOP11
1.REVIEW	Public	Public
2.SUBSCRIPTION	Open	Open
3.SEND	Owner	Public
4.FILES	No	Yes
5.REPLY-TO	None	List
6.NOTEBOOK	Yes, Public	Yes, Public
7.CONFIDENTIAL	No	No

Any information about the creation of these lists are to be sent to
EARN-BOD, EARN-NOG, EARN-TECH and EARN-UG.
