

EARN EXECUTIVE

Proposal to approve section 16 of the X.25 project documentation

issued by
P Bryant
May 4, 1989

The Executive is invited to approve Section 16 of the EARN X.25 documentation (attached) which concerns the management of the EARN X.25 network.

I have examined the only other relevant documents - EXEC25 (Proposal for EARN operation and technical staff....) and EXEC44 (Proposal for the EARN manager). As far as I can see these papers are orthogonal to this one. A potentially relevant paper is the one from Stephano on the future of EARN technical work. I see it the Infrastructure Committee is something like the NOG and parallel to it.
