

EARN EXECUTIVE

Annex to Management of Change Document

issued by
D Jennings
May 21, 1989

Examples of the changes which are covered by the Management of Change document are:

1. The introduction of a new protocol on an EARN line. e.g. the introduction of SNA as a bearer of NJE traffic on a line which previously carried RSCS traffic.
2. The introduction of new services on an EARN line. e.g. the introduction of SNA services other than NJE on an SNA link.
3. A change of connection to EARN. e.g. the termination of a link and the replacement of that link by another link to a different EARN site.
